10. Agnès actually says "These
characters" (平井のキャラクター)

10. This line is a quote straight out of a military song named
Barbarian (Barbarian Square), created in 1877 during the Meiji
era. The "Don't think twice" thing kinda reminds me of another period
of Japanese history that involved "making foreigners back whenever
possible" (uh, that's what makes it a warning, I suppose).
